

SKILLS

- ❖ **Languages:** JavaScript | C++
- ❖ **Frontend Technologies:** React.js | Bootstrap | CSS | HTML | Framer Motion
- ❖ **Backend Technologies:** Node.js | Express.js | MongoDB | PostgreSQL
- ❖ **Other:** Data Structures and Algorithms(DSA)

EDUCATION

- ❖ Master of Science | IIT Hyderabad 2023-present
- ❖ Bachelor of Science | Hindu College(DU) CGPA: 9.04 | 2020-2023
- ❖ XII(CBSE) | Chinmaya Vidyalaya 96% | 2018-2020

PROJECTS

- ❖ **Taskify : Lightweight and Dynamic Task Management App**
 - Built a **feature-rich** Task Manager app using React, leveraging **Local Storage** for **data persistence** to enable seamless experience without any external databases
 - Implemented advanced features **like task deletion, search, and filtering by priority and date**, and **real-time status** monitoring, tailored for browser-based **efficiency**
 - **Integrated Framer Motion** animations, enhancing the user experience with smooth and visually appealing **transitions**
- ❖ **Tech News App – API based Application**
 - Developed a **dynamic** Tech News App using **React**, integrated with third-party API for real-time updates.
 - Implemented **pagination** and **search** functionality for improved **navigation**.
 - Added "**Remove**" and "**Read More**" features for streamlined content management.
- ❖ **Shopper Stop – E-Commerce Application**
 - Developed a **responsive** and user-friendly E-commerce platform using modern frontend technologies.
 - **Integrated** features like product listings, filtering options, and a dynamic shopping cart.
 - Focused on creating an intuitive user experience with efficient **navigation** and product browsing.

EXPERIENCE

Web Developer Intern | Q-DITS (June '24- Aug '24)

- **Developed** a responsive stock market application using **React** and **Express.js** for market insights.
- **Optimized** page load times by **25%** through efficient data management with React and **PostgreSQL**, ensuring smooth navigation and quick data retrieval.
- Introduced flexible search functionality with **debouncing**, improving **efficiency** and responsiveness.

ACHIEVEMENTS

- Inspire Scholarship
- IIT JAM **AIR:563**
